

# Country Fence

## Wood Fences

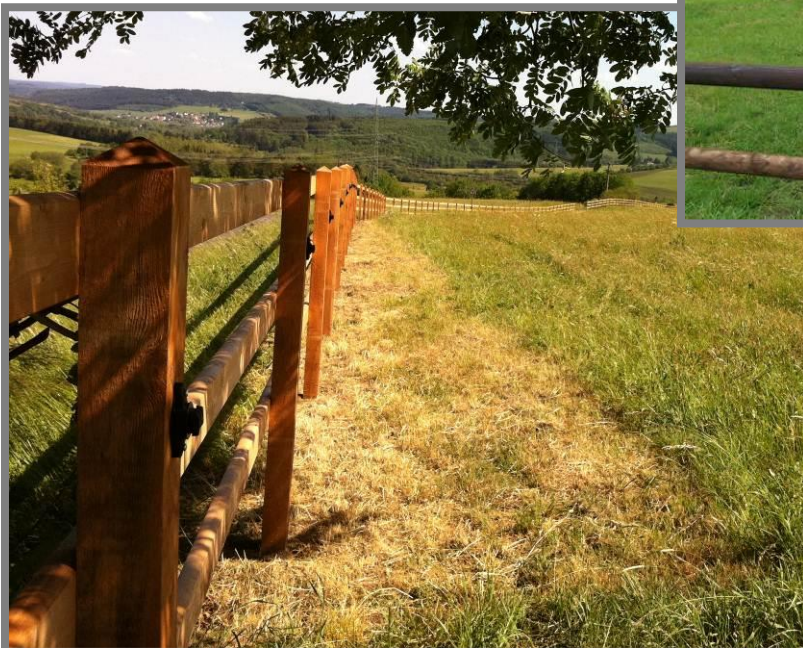

Under the name **Country Fence** COLUMBUS offers fences made out of wood which will defy weather conditions for a long time and are low on maintenance.

**Country Fence** is made only out of high quality conifer woods. In order to make the wood more durable it is impregnated under vacuum and high-pressure. This offers the ideal conservation and gives a nice colour to the wood.

With flat or semicircular rails

**Outstandingly suitable for pastures, paddocks, yards and outdoor arenas!**

# Country Fence

## Wood Fences

Due to its natural charisma the COLUMBUS **Country Fence** is a real eye-catcher even in the garden!

For every fencing solution we do have the fitting gates as well. Furthermore, our **Country Fence** can be fantastically combined with our Elektra Raster fences.

## Electric strand and gates

**Also available with BEO-BAND® instead of wooden rails!**
